“Just Clip It” – innovative clip closure solutions for poultry processing at EuroTier 2024

Hattersheim am Main, November 2024

Small clip, big impact: Poly-clip System presents secure and material-saving packaging solutions at EuroTier in Hanover from November 12 to 15, 2024. As the leading trade fair for animal farming and livestock management, EuroTier offers the ideal platform for presenting the latest technologies and giving customers the opportunity to experience the benefits of innovative clip closure solutions first-hand. Poly-clip System will be showcasing a wide range of applications at EuroTier, especially for the poultry industry, with a focus on efficiency, cost-effectiveness, safety, and sustainability.

“The requirements in poultry processing are constantly growing – both in terms of efficiency and in terms of hygiene and safety,” says Claudius Piekorz, Area Sales Director. “With our innovative clip closure solutions, we enable our customers to optimize their processes and meet the highest standards.”

Visitors to the trade fair can obtain comprehensive advice and find out about the latest developments at stand B33 in hall 23. These include the APL automatic poultry loader, which clips up to 18 bags per minute, and the MPL manual poultry loader (bagger), which, in combination with the Easy Clip Line® single-clip machines, ensures efficient packaging of chickens, ducks, geese, and poultry parts.

With a view to IFFA 2025, we are delighted to be able to give you a first glimpse at EuroTier of the innovations we will be presenting at IFFA from May 3 to 8, 2025, in Frankfurt am Main. “As the leading international trade fair for the meat industry, IFFA is an important platform for us to present our innovative strength and our sustainable packaging solutions to a broad specialist audience,” says Mesut Akbulut, Vice President Sales at Poly-clip System.

Poly-clip System at EuroTier from 12. – 15.11.2024 in Hannover, Germany

Hall 23, Booth B33.

About Poly-clip System

Poly-clip System is the world's largest provider of sustainable clip closure solutions and is recognized as a global market leader and hidden champion in this segment of the food industry and packaging sector. The company group maintains 29 sales subsidiaries along with distribution partners in nearly every country worldwide. Poly-clip System's clip closure solutions excel not only in the meat processing industry and butcher's trade but also in numerous other sectors, such as the chemical industry.
